Employee
Benefits
Open
Enrollment
Guide**

Dear Fellow Employee:

At ABX Air we are pleased to offer a comprehensive and affordable benefit package for both our full-time and part-time employees. Our benefit program is designed to help you access health care when you or your family needs it, to provide income protection for you in the event of a catastrophic loss, and to provide you with a way to save for your retirement.

Each November is our annual Open Enrollment month for health insurance. This is your once-a-year opportunity to make changes to your health insurance elections. In addition, the updated 2007 Benefits Handbook (Summary Plan Description) is included on the CD in this package. Please review the information carefully; and if you have any questions about your benefits, be sure to ask your supervisor or anyone in the Human Resources Department.

Sincerely,

Debbie Loveless
Senior Director, Human Resources

- Extra 10% paid (up to \$25,000) if loss of life occurs while wearing a seatbelt in an automobile accident.
- CIGNA is the new insurance carrier effective Jan. 1, 2007, replacing AIG Life.

Flexible Spending Accounts / Health Savings Accounts

These plans are administered by United HealthCare.

These are optional plans that allow employees to set aside money on a pre-tax basis to cover medical expenses not covered by insurance or child care expenses.

Flexible Spending Accounts (FSA)

See the Benefits Handbook (Summary Plan Description) for more details.

Medical FSA

You can contribute up to \$2,600 a year pre-tax to pay for medical expenses not covered by insurance such as orthodontia, hearing aids, Lasik surgery, co-payments, and deductibles. You cannot elect Medical FSA and the Health Savings Account at the same time.

Dependent FSA

You may contribute up to \$5,000 per year pre-tax to pay for child care or elder care expenses.

What's New in 2007?

Beginning in January 2007, any unused money left over in your account from the prior year can be used for expenses incurred between Jan. 1, 2007, and March 15, 2007. All claims for 2006 dollars must be submitted by March 31, 2007.

Use it or lose it!

You need to carefully budget for any money you contribute to the Flexible Spending Account. Any left-over 2006 money after March 15, 2007, will be forfeited and used to help fund the ABX Air Employee Catastrophic Relief Fund.

Health Savings Accounts

See the Benefits Handbook (Summary Plan Description) for more details.

If you elected the Health Savings Account PPO for your medical insurance, ABX will contribute \$500 per year for single coverage or \$1,000 per year for family coverage to help offset the cost of the high deductible. You also may contribute up to \$750 for single or \$1,500 for families to the Health Savings Account each year.

If you elect this option you must open an account with Exante Bank. An application will be mailed to your home address. Once your account is opened you will receive a debit card to pay for medical expenses that are subject to the deductible or not covered by insurance such as orthodontia, hearing aids, Lasik surgery, and co-payments.

The Money is Yours to Keep. NO "Use it or lose it."

Unlike the Flexible Spending Accounts, any left-over money at year end is never forfeited but remains in your account for next year or until you use it. The money earns interest while it is in your account. You must elect the Health Savings Account PPO as your medical insurance to be eligible for the Health Savings Account. If you elected the Enhanced PPO plan you are not eligible for the Health Savings Account. You also cannot elect the Medical FSA if you elect the Health Savings Account. You may elect the Dependent FSA with the Health Savings Account.

Life Insurance, AD&D, and Short and Long-term Disability

Short-term Disability (Full-time only)

This plan is administered by CIGNA.

This is an optional plan that allows employees to purchase Short-term Disability benefits.

See the Benefits Handbook (Summary Plan Description) for more details.

Full-time employees may purchase short-term disability for a nominal cost. This plan pays a benefit equal to 50% of the weekly base salary (up to \$1,000 per week) if you are disabled for more than 14 days. In addition to your sick time, this plan provides income protection in case you cannot work due to a serious off-the-job injury or illness.

Life Insurance AD&D and Long-term Disability (Full-time only)

These plans are insured by CIGNA.

These plans are automatically provided to full-time employees at no cost after meeting the eligibility period. For additional details see your Benefits Handbook (Summary Plan Description) located on the CD.

What's New OVERVIEW for 2007

Enhanced PPO Plan:

Emergency Room Co-payment for Non-emergencies

The co-payment for use of the Emergency Room for non-emergencies is increased to \$125 effective Jan. 1, 2007. The co-payment remains at \$75 for emergencies.

Last year, ABX employees used the Emergency Room 38% more times than the national average. For non-emergency care use the Healthcare Center or an Urgent Care facility instead. At ABX, an estimated 1,295 unnecessary E.R. visits were made last year. With the average Emergency Room bill at \$627, this adds up quickly.

Deductible 4th Quarter Carry Over Eliminated

The 4th quarter carry over for the deductible is eliminated effective Jan. 1, 2007. The deductible remains \$150 for individuals and \$300 for families. The deductible is a once a year amount you must pay before the plan pays any benefits. The deductible does not apply to office visits with your doctor or prescription drugs.

Mental Health/Substance Abuse Outpatient Co-payment Reduced to \$15/Visit.

Beginning Jan. 1, 2007, the co-payment for outpatient care for Mental Health and Substance Abuse visits is reduced to \$15 per visit from \$25 per visit. This change was made to improve access to mental health and substance abuse care by making access more affordable for individuals.

Bariatric Surgery Benefit

Beginning Jan. 1, 2007, bariatric surgery by network providers will be covered at 80% after the deductible instead of 100%. The out-of-pocket maximum will not apply to bariatric surgery. This surgery has demonstrated to have high risk of complications and should be considered only as a last resort for those individuals diagnosed with morbid obesity. Out-of-network benefits remain at 60% after deductible. The out-of-pocket maximum will not apply.

Maximum Non-Network Reimbursement Program (MNRP)

Beginning Jan. 1, 2007, non-network benefits will be paid using the Maximum Non-Network Reimbursement Program (MNRP) method instead of the Reasonable and Customary method. The MNRP is 10% higher than the Medicare reimbursement rate paid by the U.S. government for Medicare patients. The non-network benefit remains at 60% after deductible for most services.

By using network providers you can receive the highest level of benefit from the plan. For most services without a co-payment, the in-network benefit is 100% after deductible. See the Benefits Handbook (Summary Plan Description) for additional details.

Disease Management Program

Beginning Jan. 1, 2007, individuals with certain chronic conditions will be eligible to participate in United HealthCare's Disease Management Program. This program is designed to help people with chronic conditions improve their quality of life by providing high-level support and information about their illness.

If you have a qualifying chronic condition, a specially trained registered nurse will be assigned to you and can help with questions about your disease and your treatment program. The nurse also can provide information about preventive care, other treatment options, as well as provide outreach to your doctors and specialists.

These conditions are included in the program:

- Coronary artery disease
- Heart failure
- Diabetes
- Asthma

Additional conditions may be added in the future. Participation in the program is voluntary and provided at no cost to the participant.

Nexium No Longer Covered

Beginning Jan. 1, 2007, Nexium no longer will be covered by the plan. Alternative medications in the proton pump inhibitor classification include:

Aciphex	Omeprazole	Prevacid

Q. Do I need to complete a Benefit Self Service enrollment form if I do not want to make any changes?

A. If you are currently enrolled and do not want to make any changes, you do not need to complete the Benefit Self Service enrollment form, your current benefit election will continue. However to enroll in the 2007 Flexible Spending Account or to contribute to the Health Savings Account for 2007 you must elect an amount on the enrollment form. The deduction does not carry over from year to year. If you wish to make any changes, you MUST complete the Benefit Self Service enrollment form by the Nov. 22, 2006, deadline.

Q. Where do I get a list of doctors, dentists, and vision care providers?

A. The best source of current information is on-line. You also can request paper copies by calling the insurance company's customer service 800 number. The web addresses and 800 numbers are:

Paper copies are available by request only to help keep costs down.

Questions and Answers

Q. What is the deadline for completing the Benefit Self Service enrollment form?

A. You need to complete the Benefit Self-Service Enrollment form by Nov. 22, 2006.

Q. How can I get a paper copy of the 2007 Benefits Handbook?

A. Paper copies are available upon request through your supervisor or by calling the Benefits Department at (800) 736-3973 ext. 63157 or ext. 63085, or email abx.benefits@abxair.com.

Q. Why are the employee costs going up?

A. The cost of health care in the United States increased 7.7 percent last year, the smallest increase since 1999. However, this was still twice the rate of inflation. At ABX, programs such as the Healthcare Center and the recent dependent audit help slow down the rate of increase; but we still are experiencing an increase. As the annual company cost

increases, employees can expect to see their share of the cost increase as well. Despite these increases, the amount ABX Air employees pay for healthcare compares favorably to other employers.

Q. Can I have an HSA (Health Savings Account) and an FSA (Flexible Spending Account)?

A. No, our current plan limits the HSA to those employees in the HSA PPO and the Medical FSA to those in the Enhanced PPO. You may elect both HSA and the Dependent FSA.

Questions and Answers

Q. How does the HSA work with the high deductible?

A. According to the IRS regulations for an HSA-eligible plan, the deductible must be met in full and apply to everything before coinsurance or co-pays begin to pay. Only preventive care is exempt from this requirement.

Q. What are qualified medical expenses for the FSA/HSA?

A. Qualified medical expenses are as defined by the Internal Revenue Service under section 213(d) of the Internal Revenue Code. A sampling of some eligible expenses include but are not limited to: Acupuncture, Alcohol and Drug Rehabilitation (in-patient treatment only), Ambulance, Artificial Limbs, Artificial Insemination/ In Vitro Fertilization/Fertility Enhancement, Blood Pressure Monitoring Devices, Body Scan, Birth Control Pills/ Condoms/Spermicide, Chiropractor, Co-Insurance and Deductible, Contact Lenses and Cleaning Solutions, Crutches, Dental Treatment, Dentures, Diagnostic Tests, Eye Exam, Eye Glasses/Prescription Glasses, Flu Shots, Hearing Devices, Hospital Services, Immunizations (e.g., well-baby shots), Insulin, Laboratory fees, Lamaze classes relating to childbirth, Laser Eye Surgery / Lasik, Learning Disability Treatment, Medical Alert Bracelet/Necklace, Obstetric Treatment, Orthodontia, Over-the-counter pregnancy tests, Over-the-counter medications to treat a specific medical condition, Oxygen, Physical Exams, Physical Therapy, Podiatry Treatment, Prescription Drugs, Psychiatric Treatment, Psychological Treatment, Radial Keratotomy, Smoking Cessation – prescription only, Surgery and Related Expenses, Tubal Ligation or Vasectomy, X-rays.

Q. What is a deductible?

A. The deductible is the amount you must pay before the plan will pay any benefits. This amount is payable just once a year.

Q. What is a co-payment?

A. A co-payment is the amount you pay each time you receive care. Examples when co-payments are charged include office visits, urgent care visits, emergency room visits, and prescription drugs.

Q. How will I know if the changes are approved?

A. In Benefit Self Service, you should return to the Messages area Once the Benefits Department has approved your election, a confirmation of receipt should be in your message area.

Questions and Answers

Q. Where can I get help enrolling?

A. See any Human Resources representative or call the Benefits Department at (800) 736-3973 ext. 63157 or ext. 63085. In Wilmington, Human Resources personnel are available on all three shifts.

Q. May I purchase additional life insurance for my family or myself?

A. ABX Air offers a Universal Life insurance program that allows you to purchase additional coverage for yourself or your eligible family members. Enrollment is subject to evidence of good health and is not effective until approved by the insurance company. To enroll in the Universal Life insurance visit www.personal-plans.com/abxair.

Q. May I purchase additional accidental death and dismemberment insurance for my family or myself?

A. ABX Air offers a Voluntary Accident Insurance program that lets you purchase additional Accidental Death and Dismemberment coverage for yourself or your eligible family members. Enrollment is effective on Jan. 1. More information about the program can be found on page 9 in the brochure or in your 2007 Benefits Handbook (Summary Plan Description) or on Benefit Self Service.

Q. May I make enrollment changes mid-year?

A. Open enrollment is your opportunity each year to make adjustments to your benefits. All changes are effective on Jan. 1. During the rest of the year, you cannot make changes to your benefit elections except for certain Family/Work Status changes including:

- Marriage or Divorce.
- Birth or Adoption of a child.
- Death of a spouse.
- Loss of coverage from spouse's employer.
- Child reaching maximum age (maximum age = 19 unless the child is a full-time college student up to the 23rd birthday).

Any of these reasons allow you to make a change mid-year provided you notify the Benefits Department within 30 days of the event (60 days for birth or adoption).

Q. If my spouse works at ABX, may I enroll my spouse under my coverage?

A. Yes, you may enroll your spouse who works at ABX under your plan, or you could have two employees under different plans. However, you cannot "double cover" under both plans. Be sure both spouses complete a Benefit Self Service enrollment form enrolling under one employee and canceling coverage under the other employee.

Questions and Answers

Q. If my child works at ABX, may I enroll my child under my coverage?

A. Yes, you can enroll your child who works at ABX under your plan, or you could have two employees under different plans. However, you cannot “double cover” under both plans. Be sure both you and your child complete an enrollment form enrolling under the parent and canceling coverage under the dependent child.

The child must be an eligible dependent to be covered under your plan.

Q. Until what age can my children continue to be covered under the plan?

A. Unmarried children under age 19, including your natural children, legally adopted children, children placed for adoption, stepchildren residing with you and any other children supported solely by you and permanently residing with you, provided you are their legal guardian or you claim the children as dependents for federal income tax purposes.

Unmarried children from age 19 until age 23 who are registered students in full time attendance at an accredited university or similar institution of learning and who are dependent on you for support and for whom you are entitled to an income tax exemption.

Unmarried child who is incapable of self-sustaining employment by reason of developmental disability or physical handicap, provided such child was covered under this Plan at the time of disability and immediately prior to his or her 19th birthday (23rd if a student).

All enrolled dependents are subject to an audit, and proof of eligibility may be required at any time. Enrolling individuals who are not eligible is insurance fraud and could result in your having to repay any paid claims, the loss of your job, and/or being arrested and convicted of a felony.

Q. May I decline coverage?

A. Yes, you can decline coverage. When you decline coverage, you are declining all Medical, Dental and Vision benefits.

Q. What happens if I need emergency care while traveling away from my home area? How do I find a network provider?

A. If you need emergency care while traveling, you should go to the nearest hospital. Even if the hospital is a non-network hospital, your benefit will be treated as if it were a network facility.

If you need medical care on a non-emergency basis while traveling, contact United Healthcare customer service at (888) 350-5607 or at www.provider.uhc.com for assistance in locating the nearest network provider.

If you are unsure if your condition needs medical attention, you may contact Nurseline at (888) 609-5880 for assistance.

Q. Where can I get assistance with claim issues?

A. If you have spoken with the insurance company customer service department and they are unable to help resolve your claim issue, contact the ABX Benefits Department at ext. 62567 for further assistance. Or you may e-mail messages to abx.benefits@abxair.com.
